I changed it earlier. You may have to close it out and open it again to see the change.
I was able to open the files with no problem.

Thanks. Could you please change 3495 to Other? I'm not seeing the option to do so in FOIA Online, maybe because it's assigned to me.

Also, I'm seeing whether I can email a zip file of all the emails instead of sending thumb drives. Attached is the zip file. Could you try to open it and let me know if it works?

Hi Kaushal,

1. That's fine. We can change 3495 to "Other" .
2. I have NO idea what an assignment wheel is. This is the first time I've heard of it. I wonder if this is something the programs have been using. I'll reach out to her and ask about the assignment wheel.

Hi Jessica,

I've been working on these two FOIAs for the O'Grady emails and have a couple of questions.

1. One of the requesters is Commercial, but the other is Media. Both are requesting the same records, but the Media one won't get charged. Since we're doing pretty much the same work for both, would we just charge the Commercial requester zero as well?

2. **Ex.5 (DP)**
